

# 14. Presentation on standard implementation activities

**Nóra Kiss**

**IAIS General Meeting - Budapest  
17 October 2008**

# Standard implementation activities

- Implementation efforts should pay particular regard to the needs of emerging markets.
- Therefore, the main objectives of the standard implementation strategy are:
  - To enhance the understanding of IAIS standards;
  - To support the strengthening of the institutional capabilities of supervisors required for the implementation of IAIS standards; and
  - To support supervisors in understanding particular topics and to facilitate the exchange of experiences and skills among supervisors.
