### **Nebraska Joins International Information Exchange Agreement**

#### ***Agreement Strengthens International Supervisory Cooperation, Promotes Enhanced Consumer Protection***

**Basel** - Peter Braumüller, Chair of the Executive Committee of the International Association of Insurance Supervisors (IAIS), today announced that the insurance supervisor of Nebraska has joined an international supervisory cooperation and information exchange agreement. There are now 36 jurisdictions admitted as signatories to the IAIS Multilateral Memorandum of Understanding (MMoU), representing more than 52% of worldwide premium volume.

“I would like to thank the Members of the IAIS for approving Nebraska’s application and I am extremely pleased that Nebraska now joins as a Signatory to the MMoU,” said Bruce Ramge, Director of the Nebraska Department of Insurance. “This agreement will be a valuable tool for the Department’s coordination and communication internationally with various insurance supervisors. Many of the insurance companies domiciled in Nebraska have a growing global economic presence and the ability to share and coordinate important supervisory information strengthens our joint efforts to provide sound and thorough insurance oversight.”

The MMoU is a global framework for cooperation and information exchange between insurance supervisors. It sets minimum standards to which signatories must adhere, and all applicants are subject to review and approval by an independent team of IAIS members. Through membership in the MMoU, jurisdictions are able to exchange relevant information with and provide assistance to other member jurisdictions, thereby promoting the financial stability of cross-border insurance operations for the benefit and protection of consumers.

“We are very pleased to welcome Nebraska as the 3<sup>rd</sup> U.S. state and 36<sup>th</sup> signatory to the MMoU and to see it grow, in less than six years, to a tool covering more than half of worldwide premium volume,” said Mr Braumüller. “The global insurance marketplace in which we operate demands an insurance supervisor with the ability to cooperate quickly and effectively for the benefit of consumers. The MMoU is an essential regulatory tool – not only in crisis situations, but on a day-to-day basis – for supervisors to foster safer and more stable insurance markets, and the IAIS encourages each of its Members to become a MMoU signatory.”

Previous MMoU signatories include, among others, Australia, Austria, Bermuda, Canada, Chile, Connecticut (USA), Chinese Taipei, France, Germany, Hong Kong, Japan, the Netherlands, Qatar, Singapore, Switzerland, the United Kingdom and Washington state (USA). A complete list of signatories can be found on the IAIS website ([www.iaisweb.org](http://www.iaisweb.org)) or by clicking [here](#).
